Dear Parents and Families,

Many thanks for your speedy response to the Parents Appointments we are offering with class teachers next week. All class teachers will aim to stick to their ten minute slot and share with you the current attainment and progress for your child and your child's books will be available for you to look at. Your child's class teacher will use the terms 'working towards', 'secure' with regards to 'Age Related Expectations' and the standard for the end of the year group. Your child's class teacher will also be able to advise on any areas you may be able to support with at home.

Message from the Police

We have received a complaint at the Northwich Local Policing Unit with regards to parents/carers waiting for children who continue to leave their engines running, often for periods of 15-20 minutes. In view of this, we have been asked to add the following reminder of the Highway Code rule:

The Driver and the Environment - Rule 123 of the Highway Code

You MUST NOT leave a parked vehicle unattended with the engine running or leave a vehicle engine running unnecessarily while that vehicle is stationary on a public road.

Generally, if the vehicle is stationary and is likely to remain so for more than a couple of minutes, you should apply the parking brake and switch off the engine to reduce emissions and noise pollution. However it is permissible to leave the engine running if the vehicle is stationary in traffic or for diagnosing faults.
