Hartford Primary School SMSC Policy

At Hartford Primary School we recognise that the personal development of pupils, spiritually, morally, socially and culturally (SMSC) plays a significant part in their ability to learn and achieve. We therefore aim to provide an education that provides pupils with opportunities to explore and develop:

- their own values and beliefs,
- spiritual awareness,
- high standards of personal behaviour,
- a positive, caring attitude towards other people,
- an understanding of their social and cultural traditions
- and an appreciation of the diversity and richness of the cultures.

SMSC is a dimension of the whole school experience that makes the curriculum relevant, stimulating, creative and fun. It enriches each subject and the ethos of Hartford Primary School and is an essential ingredient of school success.

The values of the school, aspiration, respect, pride and responsibility are core to underpinning this policy.

As a school we recognise the importance of personal development of SMSC values:

- People, staff as well as pupils, achieve better when they feel valued.
- Our beliefs and values influence the way we behave and the community that we live in
- Education is about the development of the whole person

Legislation

The SMSC policy provides the school with the opportunity to meet our Public Sector Equality Duty (PSED) to

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.

Guidelines

All curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and opportunities for this will be planned in each area of the curriculum.

All adults will model and promote expected behaviour, treating all people as unique and valuable individuals and showing respect for pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals and where forgiveness and the opportunity to start again is fundamental to the ethos of the school.

Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour and provide opportunities to celebrate pupils' work and achievements.

All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in teacher's planning and purchasing decisions.

Roles and Responsibilities

- The Headteacher is responsible for ensuring that the SMSC guidelines and aims are achieved within the school
- Members of the teaching staff have been given specific responsibility for the implementation and monitoring of SMSC within school activities, teaching and behaviour

- This policy will be reviewed every two years

Development in SMSC will take place across all curriculum areas, within activities that encourage pupils to recognise the spiritual dimension of their learning, reflect on the significance of what they are learning, and to recognise any challenges that there may be to their own attitude and lifestyle. Teachers will inspire pupils through the enthusiasm for and modelling of learning. Teachers at Hartford Primary School will use creative strategies and challenging questions to engage pupils in their learning and relate it to their own experiences.

All curriculum areas should seek illustrations and examples drawn from as wide a range of cultural contexts as possible.

Links with the wider community

- Visitors are welcomed into school.
- The development of a strong home-school link is regarded as very important, enabling parents, teachers and the wider community to work in an effective partnership to make sure that we give our pupils the best possible environment in which to grow, flourish and learn.
- Pupils will be taught to appreciate their local environment and community and to develop a sense of responsibility to it.
